

Advanced Practice Nurse Consent for Treatment

This facility has on staff an advanced practice nurse (nurse practitioner) to assist in the delivery of pain management care.

An advanced practice nurse is not a doctor. An advanced practice nurse is a registered nurse who has received advanced education and training in the provision of health care. An advanced practice nurse can diagnose, treat, and monitor common acute and chronic diseases as well as provide health maintenance care.

I have read the above, and hereby consent to the services of an advanced practice nurse for my health care needs.

I understand that at any time I can refuse to see the advanced practice nurse and request to see a physician.
